## FISCAL ANALYSIS

### ASSUMPTION

Officials from the **Department of Health** assume the proposed legislation would have no fiscal impact on their agency.

Officials from the **Department of Natural Resources** assume that since the department is currently using federal funds for positions that provide training, there is no additional cost to the state.

### FISCAL IMPACT - Small Business

No direct fiscal impact to small businesses would be expected as a result of this proposal.

### DESCRIPTION

This proposal requires the Department of Natural Resources to request proposals for any person with expertise in providing training and technical assistance to small public water systems to provide such training and technical assistance services by contract. The Safe Drinking Water Commission is required to establish criteria and procedures for the proposal requests and consider, approve, and award contracts.

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
